M. HELENA McMILLAN

1868 - 1970

**IN MEMORIAM**  
**M. HELENA McMILLAN**  
**1868 - 1970**

Miss M. Helena McMillan, founder of Presbyterian Hospital School of Nursing in 1903 and Director of Nursing from 1903 to 1938, died in a nursing home January 28, 1970 in Boulder, Colorado.

Miss McMillan was born in Montreal, October 23, 1868 of Scotch ancestry, the daughter of Maria and David McMillan. In 1891, McGill University, Montreal conferred upon her the degree of Bachelor of Arts. She graduated from the Illinois Training School for Nurses in 1894 and was appointed Lady Superintendent of Kingston General Hospital, Kingston, Canada. From 1897-1902 she was Principal and Superintendent of Nurses and Matron of the Hospital at Lakeside Hospital, Cleveland. In the fall of 1902 she spent some months on the staff of Henry Street Settlement, New York City. Miss M. Helena McMillan was appointed in early January 1903 to head the nursing service of the Presbyterian Hospital and to establish its School of Nursing.

During the time she was busy organizing and directing the program at Presbyterian, Miss McMillan also devoted much time to nursing organizations. She served as Vice-president, Secretary and Treasurer of the National League of Nursing Education, member of its Board of Directors and that of the American Nurses' Association. She was five times President of the Illinois State Nurses' Association, always proving a "tower of strength" in critical periods of nursing affairs. She was identified with local, state, American Red Cross and other committees on nursing and was a member of the Committee on Nursing Education which formulated the Standard Curriculum (1917). Her unselfish devotion to high standards of nursing was of inestimable national value; she labored quietly but effectively.

Following her retirement in 1938 she was appointed Director Emeritus and an honorary member of the Woman's Board and the Alumnae Association. In 1936, she was awarded the Saunders medal "for distinguished service in the cause of nursing". Miss McMillan was the honored guest at many functions in 1953 marking the 50th anniversary of the School. The first Homecoming of the Presbyterian School was instituted by Miss McMillan on November 11, 1920.

**A Memorial Service honoring M. Helena McMillan  
will be held on April 16, 1970 at 2:30 p.m. in the  
Hospital Chapel.**

## LETTER TO FELLOW ALUMNI

Dear Friends:

The nursing staff at Presbyterian-St. Luke's Hospital joins me in wishing each of you the many good things of life for 1970.

As many of you know by now, the creation of the new Rush-Presbyterian-St. Luke's Medical Center was officially announced in November. That announcement signaled the beginning of an exciting and productive decade in the history of three fine institutions who have already contributed so much to health care.

The Division of Nursing is looking forward to carrying its responsibility in all facets of the mission of the Medical Center—patient service, community service, education and research. The Division of Nursing is also depending on the School of Nursing Alumni support and continued interest. The maintenance of the Alumni Scholarship Program will become increasingly important, as will your help in the recruitment of nurses to come work with us.

Elsewhere in this bulletin is a report prepared by our "Recruiter," Mrs. Marilyn Kruglik, which you may find of interest, and to whom we hope you will refer a nurse you know. I wonder, too, if there aren't some among you who are ready to return to nursing, or are thinking of changing jobs, and would be willing to consider Presbyterian-St. Luke's Hospital. For those of you who have been away from nursing for some time and need to be brought up-to-date, we will be happy to tailor-make a program just for you.

As in the "old days," evenings, nights and weekends continue to be times of greatest need for nurses. Those are the hours when patients become the most dependent on "my nurse" and our responsibility to care for patients will never allow us to plan differently.

I look forward to seeing all of you at **Homecoming 1970** (mark April 16 on your calendar now!) as there will be much to report to you.

Warmest regards,  
M. Sue Kern

### ADVANCE NOTICE

**The next regular meeting of the Alumni Association will be a dinner meeting on Monday, June 8, 1970. Mark your calendar now.**

### EDITOR'S NOTE

This past year produced some of the biggest issues of News and Views of late. This has been made possible by the contributions of each member. Please continue to include us in your announcements of births, marriages, and deaths. Also the news of yourself, family and classmates. Remember that each time you wonder what became of a certain person, someone may be thinking the same about you. As the time of our Annual Homecoming draws near and classmates will be meeting in small and large groups, think of us when you write your newsletters. We will be happy to include them in our class news. Any further suggestions or questions are welcome. Thank you for your support last year and let's try to make this year even better.

## RECRUITMENT OF NURSES FOR PRESBYTERIAN-ST. LUKE'S HOSPITAL

By Marilyn Kruglik, RN

There are few hospitals in the United States that have not experienced to varying degrees, a shortage of professional nurses, and Presbyterian-St. Luke's Hospital has no proven immune to this endemic problem. Now, with the creation of the Rush-Presbyterian-St. Luke's Medical Center, the Division of Nursing faces a very real challenge in that it must continue its tradition of quality patient care throughout the expansion program planned for the Medical Center. In order to meet these increasing responsibilities, the Division of Nursing has instituted a vigorous program of nurse recruiting.

July, 1969, it was my pleasure to be appointed as a nurse recruiter for Presbyterian-St. Luke's Hospital. Since then, I have experienced a growing pride in being a member of the Division of Nursing. In my role as a nursing representative, I attempt to transfer the enthusiasm I feel for Presbyterian-St. Luke's Hospital to all students and nurses I meet.

The Division of Nursing employs several means to help nurses become acquainted with Presbyterian-St. Luke's Hospital. If you have been reading the AJN or RN magazine recently, then you have probably seen our new series of advertisements. Increases in salary and fringe benefits are announced in the area newspapers. Student nurses are invited to tour the hospital and, as a result, many seek employment as nursing assistants. Literature is sent to career counselors, libraries, colleges and universities in Chicago. This year we plan to have an exhibit booth at the ANA convention.

All inquiries, whether by telephone, mail or personal, are answered with an invitation to tour the hospital, and talk with the Director of the appropriate department. I meet every applicant and after talking about Presbyterian-St. Luke's Hospital, we discuss salaries and benefits. The questions I hear most often, involve salary range, hospital treatment facilities and services, tuition assistance and in-service programs. You will be proud to know that Presbyterian-St. Luke's Hospital excels in all of these areas.

New salaries and benefits for our staff nurses commensurate with expanded responsibilities, were effective as of January 5, 1970. The salary range begins at \$675 per month. Starting salary is determined by education and previous experience. Monthly differentials paid are \$90 for the evening shift and \$110 for the night shift. A premium of \$16 will be paid for every second consecutive weekend worked. Three weeks paid vacation are given annually and earned vacation may be taken after 6 months employment. Nurses will continue to receive at no cost, Blue Cross, Blue Shield, in addition to Life, Health and Accident Insurance, all provided by the Hospital.

Our recruitment efforts are being well rewarded, but because we are such a progressive and dynamic institution, we will always have positions available for nurses of high caliber.

You, or a nurse you know, may be contemplating a return to the profession or change in employment. Give me an opportunity to talk with you and discuss your interests by calling collect, area code 312-738-4411, ext. 2582. I look forward to hearing from you in the near future.

## PRESBYTERIAN-ST. LUKE'S MEDICAL CENTER IS FORMED

The old Rush Medical College, steeped in the tradition of more than 100 years as a degree-granting institution from 1837 to 1942, has been reactivated after being defunct for a quarter of a century. The college has been incorporated with Presbyterian-St. Luke's Hospital and Health Center to form the Rush Presbyterian-St. Luke's Medical Center.

It is anticipated that the first students admitted to the Rush Medical School will arrive in the fall of 1971, and that by 1975, the school will have about 100 entering students per class.

In line with the reactivation of the school, a plan is being developed to expand and replace some of the older facilities of Presbyterian-St. Luke's, provide academic buildings and increase the educational endowment. An initial phase of the building program for the new medical center includes a six-floor expansion of the Professional Building to house student activities, and two floors to the Jelke-South Center Building for additional research and academic facilities.

The Board of Trustees approved four items as Phase I of the medical center's development program. These items are:

1. Completion of the Jelke-South Center Building.
2. Completion of six additional floors in the Professional Building.
3. Additional parking facilities.
4. A transformer and improved electrical service in Schweppé-Sprague Hall.

The history of Presbyterian-St. Luke's Hospital reaches almost as far back as the old Rush Medical College. Presbyterian Hospital was founded in 1883 and was merged in 1956 with St. Luke's Hospital, founded in 1864. The hospital is now an 844-bed, teaching, and research institution within the medical center district of Chicago. Presbyterian Hospital was affiliated with Rush Medical College for many years and still uses two of the College's older academic buildings.

## CLASS NEWS

### 1915 —

Ida Swanson Petersen visited with Lena Jacobs in October. They had lunch with Mildred Weissmiller (1914) and Ruth Fair (1918), both of whom live in Evanston.

### 1920 —

Elizabeth Leonard is now living in Iron Mountain, Michigan having moved back to the midwest from California. In 1936 she began to work for the Carter company to promote their babywear. She had been with them for 25 years. She also sees Esther Boren who is semi-retired but still works in the Boren clinic with her brother and nephews. She also visited with Martha Longua (1920) who stopped in. Bessie Bewoe is living in Bay Village, Ohio. Peg was very surprised to see the St. Luke's cap in her doctor's office. She learned that it belonged to Dorothy Rice Maloney (1947).

1928 —

**Winona Hayenga Thorpe** is still hoping to hear from anyone who knows the whereabouts of **Alice Spellman**, who was her roommate. Any who has the address is requested to send it to the editor who will forward it to her.

**May Brant** writes that she is now living in Princeton, Illinois. She returned from Turkey in 1964 to care for her mother who is now near 90. She is working for two doctors in their office as well as keeping active in the district and state nurses associations. She is hoping to come to Homecoming this year to see old friends.

1940 —

**Marie Edson** is still working in Minor Surgery and central supply in a medical clinic in Laguna Hills, California. Each year she attends the luncheon on the West Coast. She has visited with **Mary Freesch Mathews**, **Rose Bardowsky**, **Peggy Saxe Eggleston**, and **Maribeth Harper Bretzing**. **Ruanne Heald Brunk** and **Alice Johnson Cummings** live in Phoenix, Arizona. **Mary Wortuk Chappell** also lives in California.

1942 —

**Dorothy Vinson Hall** sends her annual Christmas letter from Alaska. In August they moved eight miles out of the city to a two-acre lot and built their own home. The three boys are doing well. Allan is in his 24th year with the FAA. She is busy with church work and hopes to get back to her painting now that the holidays are over. She has made several flights to the midwest for brief visits since her mother fractured her hip and was moved from Milwaukee to Urbana, Illinois by ambulance to a nursing home.

1943 —

**JoAnn Frank Evaskus** has recently moved to Torrance, California, 90503, and would love to hear from the Alumni members who live around her. Her address is 5410 190th Street.

1945 —

Attention 145B class of St. Luke's. This will be our 25th year reunion and we should all plan on attending the Annual Homecoming in April, 1970. We are looking for class members. Please send all classmate's addresses to me. **Virginia Traas Allen**, 1005 Third Street, NW, Watertown, S. D. 57201.

**Betty Neal Dickson** became **Mrs. "George" Ingham** this past year. Do any of you remember "George" from our training days? **Joyce Coley Hanstedt** is working nights in OB. **Jean Disosway Guy** is busy figuring to have a reunion. **Nan Thompson Sims** is studying French. **Shirley Stansbury** has a daughter in the tenth grade. **Ann Lind Stegner** is working two days a week in a home for the aged. Her daughter will be working part-time in PSLH while her "baby" is starting kindergarten in the fall. **Mary Jane Barclay Judd** is busy with Primary group, family and part-time work. **Grace Wachter Schroeder** is mother of Cassie and Karl. **Virginia Traas Allen** is mother of two, Janet in the ninth grade, and Doug in the seventh.

1947 —

**Margaret Swanson Lennarson** is three nights a week in a coronary care unit and Marv is still with Allstate. They have three children in grade school and three in high school with Helen planning a nursing career.

1952 —

**Peg Brooks Leisering** is busy with three children and working every other weekend. **Carol Katt Harris** is still in Mesa, Arizona. **Helen Olthoff Nagelkirk** is working now that all her children are in school. **Lois Kuehleberg Rydeen** has two children and Don is working on the Apollo Saturn program.

**Joy Kitzenberger Beanland** and family are back in the states on furlough from the Ivory Coast and living on the campus of the Presbyterian seminary at Louisville, Kentucky. She and Gayl were both active with the Assembly of the All-African Conference of Churches. The children think American schools are great as they have shorter hours and less work than in Abididjian.

**Margaret Christie Nicolais** finally has all four children in school and keeps busy in many community affairs. The only nursing she does is for friends and relatives. **Beth Winans Hooper** lives in Alaska with Roy, who works for the Alcan Highway and their four children. They are busy homesteaders and there is no hospital nursing available there. **Allene Ehlers Sather** and three children are now in Germany with Don who is a chaplain with the paratroops, returned safely from Viet Nam. They are enjoying being tourists there.

**Lois Rozich MacKinder** and family are living in New Hampshire where Bob is Timber Management Officer on the White Mountain National Forest. **Mamie Roach Mariacher** had a son, John, on September 28, 1969. She and her husband operate WINDGATE, a home for retarded children near Woodstock, Illinois. They hope to build a new wing to accommodate more children ages 1 to 14. Her own family includes an adopted daughter, her own daughter, new son, and a foster Oriental child. They are doing a great job with loving care of these children. **Ruth Ruby Hoefle** and five children live in Scottsdale, Arizona. Her oldest daughter plans to go into nursing next year.

## PRESIDENT'S MESSAGE

Fellow Alumni, honored guests of the 1920 classes, and special guests, on behalf of the Alumni Association, I extend to you greetings and a most warm welcome to our Annual Homecoming Banquet.

It is our hope that you are having a delightful time, reminiscing and recalling many shared experiences.

It is with a great deal of pride that we greet the members of the 1920 classes, and welcome their continued interest and activity in the Alumni Association and the nursing profession.

Indeed it is with great satisfaction that we continue to be the link of communication between our 2,000 Alumni members, who represent many pillars of the nursing profession in every division—education—service—public health—organizations—publications, etc.

The history of the nursing profession in our country from its earliest inception to the modern era, is resplendent with names of the Alumni of Presbyterian—of St. Luke's—and of Presbyterian-St. Luke's Hospital School of Nursing. But above all our pride stems from 87 years of service to humanity, given by 7,221 graduates from our Schools of Nursing. From 1883 to the present our alumni have exemplified the best of the Nursing Profession.

Therefore the signal responsibility of the Alumni will continue to promulgate the spirit of our great association, designated by loyalty, friendship, professionalism and service to humanity.

At this time I would like to introduce our loyal and hard working Board of Directors, they are: 1st Vice Pres. and Finance Chairman, Miss Ruth Juhansen, 2nd Vice Pres. and Membership Ch. Miss Dorothy Hughes, Secretary Miss Joyce Stoops, Treasurer Mrs. Edna Travers, Bd. Members—Janet DiVecchio, Edna McCullough, Inette Hoxsey (Prog. Ch.) JoAnn Young, Dorothy Kallay, Nancy Nelson, Elaine Ruggles, Education Ch., Carol Tapley, Education Co-Ch., Judith Dombrow Publications Ch., Marie Geisler Revisions Ch., Marcella Kurtz Special Services Ch., Judith DiVecchio Nominating Ch., and Marie Steinke Ch. St. Luke's Endowed rms.

In closing may I express sincere thanks to Miss Sue Kern, and the Division of Nursing for our very lovely Homecoming Tea, this afternoon. To Miss Hoxsey and her committee, I extend our appreciation for this successful Homecoming Banquet.

Please continue to enjoy yourselves and I look forward to seeing you at our next regular meeting, June 8th, and all of you on our next Homecoming Day in 1971.

Thank you.

Mrs. Katherine Gdalman,  
President

## ANNUAL ALUMNI HOMECOMING DAY

### April 16, 1970

It was a beautiful day when many Alumni Attended our Annual Homecoming. More than 100 enthusiastic Alumni took the hospital tour which was arranged by Miss Kern and the Division of Nursing with Miss Jane Warren and the Volunteer Service of the hospital.

Our Homecoming Tea, given by the Division of Nursing was held at Schwepppe-Sprague Hall. It was here that over 200 Alumni gathered to renew friendships and visit with former classmates. Among the many distinguished guests who attended the tea were Mrs. Florence Y. Rider (1908) and Miss Henrietta Froehlke (1922).

Our evening began with registration and social hour in the lovely Camelot Room of the Sheraton-Chicago Hotel. The banquet was held in the King Arthur Room where a delicious dinner was served. The blessing was given by Miss Edna McCullough (1918).

Miss Inette Hoxsey, Chairman, Program and Social Committee, welcomed the honored guests and Alumni members. Those present from the class of 1920, celebrating their 50th reunion were: Gertrude Boehner Hunt, Madge Boyington, Florence Campbell Croll, Ruth Carr Bull, Alma Day Barnett, Hilda Ellis Schulze, Elizabeth Pittman Mahan, Becky Riley, Greta Rissler Thayer, Ruth Westerman Harris, Anna Fleming, Esther Milbrandt Lieffert, Clara Morris Studor, Alleyne Thompson Carey, Sadie Hagen Miller and Mary Noonan Rankin.

Other honored guests were Madeline McConnell (1917), Edna Stoops Harmon (1917), and Vera Rees.

Following the introduction of the honored guests, Mrs. Katherine Gdalman, Alumni President addressed the Alumni. Miss Sue Kern, Chairman, Division of Nursing, the next speaker, presented many interesting facts about the many changes taking place at the hospital.

After class roll taken by Miss Ruth Johnsen and state roll call taken by Mrs. Judith Dombrow, Alumni activities were concluded for the day.

Miss Inette Hoxsey and her committee and the members of the Board of Directors made this a truly memorable occasion.

## PEOPLE IN THE NEWS

### *Congratulations*

Congratulations to our very excellent Program and Social Chairman, Miss Inette Hoxsey on the occasion of her marriage to Mr. William Carrol Godman on Saturday, May 9, 1970. We extend to them our very best wishes for a long and happy life.

### ACTIVE RETIREMENT

Avis Van Lew (SL 1924) is another of those people who retire in order to fork harder. She retired in 1965 as Director of Nursing at the Stormont-Vail Hospital in Topeka, Kansas. She had been there since 1951.

At the time of her retirement she had been working on a history of the school of nursing which marked its 20th anniversary in 1969. This school was formed when the two hospitals merged in 1949. She promised the students she would complete this history and in keeping her promise she turned designer. Taking the pins and mottos from the former schools and doing much research and study she designed a new pin and coat of arms for the school.

In 1965 she took a trip around the world and in 1967 she went to Europe. Continuing her travels in 1968 she went to Africa. She is also serving on the scholarship committee of the Women's Club.

### COUNTY HONORS DOCTOR

Dr. Mary Ellen Nelson is the kind of professional educator to whom you'd like to entrust something extra special. This is what the people of Gaston county, North Carolina think about Mary Ellen Steele Nelson (Pres. 1924). In December, 1969 they named a complex of buildings in honor of her. This complex includes the new day-care center, Gaston Skills and Gaston's Children's Center.

Dr. Nelson came to North Carolina following a plea for help from her friend, Virginia Clemmer, director of the school. The school's work is with handicapped children. After 15 years of hard work and concentrated effort her dreams and hopes for these children were realized. They hope to help more than 3,000 children and adults.

Dr. Nelson received her doctorate in education and clinical guidance from Stamford University in 1943. She had been working in the Midwest prior to going to Gastonia.

The Alumni Association wishes to extend its deepest sympathy to the family of Pearl E. Wittmack. Miss Wittmack was graduated from the St. Luke's Hospital School of Nursing in 1930. She was a faithful and active member of the Board of Directors for many years, having served in many capacities. She was associated with the orthopedic clinic at St. Luke's and the clinic at PSLH. For the past few years she was a member of the staff of the Museum of Science and Industry. Pearl will be sorely missed by her many friends and associates.

## ATTENTION — SOUTHERN CALIFORNIA RESIDENTS

All alumni living in the Southern California area are invited to join the alumni group in that area. Many activities are planned and a yearly banquet is held. The group is particularly interested in the P.S.L. graduates.

## EDITOR'S NOTES

Frequently we get letters asking for class lists and addresses. Our files are kept in alphabetical file and much work is involved. First we must check the file containing names as listed upon date of graduation. If we know the name change it will be found there, then we must check a cross-file for the address. Addresses are only found on Addressograph plate file used for addressing mail. This is a tedious process and therefore we usually only fill requests for classes who are celebrating special anniversaries. Our only requirement is that you allow us sufficient time—at least two or three weeks. Any class who has an up-to-date list of addresses is asked to send it to us to up-date our file. All will be returned if requested. They should be sent to Mrs. Edna Travers.

I hope each of you enjoys the class news in this issue. It is the best response we have had. Remember that to continue we must have the support of each Alumni. If your classmates are not active members, encourage them to join.

## MARK YOUR CALENDAR

The next meeting will be held on

Plan now to attend!!

## A LETTER FROM A MISSIONARY

Botbajan  
April 10, 1970

Dear friends,

There is so much excitement in the courtyard tonight, it is hard to "hear myself think." Ebogo is about to show movies. The gift of a projector and another gift of easily portable generator made this possible. The American Embassy has a free lending library as does the French Cultural Center.

Another gift to us which has meant a great deal is the Ped-o-Jet for giving mass immunizations. We made an all-time record of getting back 97½ % of our children for a report which included five visits in the first three months and another one a year later. We are learning considerably more than we started out to do.

**THE BIG RED LETTER DAY** arrived in early September—the distribution of our first full Bible in Bassa. The lack of bridges because of the rains kept us from as full a distribution as people want and need but we managed to get at least one Bible by carrier to most churches and chapels.

November 1st marked the ground-breaking ceremony for the new training center for young men and women. I'm the director. The American A.I.D. is giving a generous grant for equipment, the people of the village the building supplies and the young men will do the building.

Time for a short furlough is near. It will be from June 24 to September 10. I hope I will be able to see as many of you as possible on furlough.

## PRESIDENT'S MESSAGE

The phase "look to the future", is being heard frequently in these days of rapid change and new developments. So too, the admonition, remember, is used over and over in our daily living. Remember the early beginnings, the struggles and accomplishments; remember the past as a guide to the future.

The future of nursing as a vital, expanding and strongly influential profession is dependent upon its members' actions, which in turn are governed by the nurses' aims and ideals, and an appreciation of their rich heritage. An understanding of these strong forces have molded nursing into the high profession it is today.

Thus, your Alumni Association, will, with your help, and your support, continue to be an active, vital organization. One of our primary purposes is to promote the professional and educational advancement of nursing. We accomplish this with the aid of our scholarships and loan program.

To bring you into the news and keep you informed of other Alumni members and activities the "Alumni News and Views" is published four times a year. With your help, and suggestions we will endeavor to keep you up to date on the happenings of your friends and classmates, as well as news about the hospital.

Thus, in our efforts to maintain quality, standards and the interest of our membership, we are continually looking forward.

Sincerely,

(Mrs.) Kathryn Gdalman,  
President

## A. N. A. CONVENTION

Everyone attending the 47th Convention of the American Nurses' Association in Miami Beach, Florida May 3-8, 1970 will long remember the heated debates and the parliamentary tie-ups in the House of Delegates.

The House of Delegates was scheduled from 9-1 Tuesday through Friday. It was impossible to adhere to the agenda and Wednesday was rescheduled for 8 hours; Thursday turned into a marathon session from 9 a.m. to 12 Midnight with only lunch and supper breaks; Friday at 1 they were debating the cost of continuing in session beyond the scheduled time.

With that much action it is difficult to report all the highlights, but the slogan "BE-INVOLVED" was taken quite literally. In the opening session there were the unprecedented four nominees from the floor for the office of President. Hildegard Peplau, who has been serving as executive director of the ANA, won the election by a margin of sixteen votes over Eleanor Lambertsen.

The winner of the "BE-INVOLVED" competition to find the most involved nurse was Audra Pambrun a member of the Blackfeet Indian tribe. The Mahoney award went to Vernice Ferguson the new chief nurse at the Westside Veteran's Administration Hospital in Chicago.

The resolutions presented by the Committee for a Society in Crisis created quite a stir. This committee was formed during the ANA clinical conferences held in the fall of 1969. The resolutions were related to Nursing Education, Ancillary Personnel, National Priority and Professional Rights and Responsibilities. All four resolutions were passed as amended following much debate. The House of Delegates almost became a "society in crisis" over a motion that the ANA send condolences to the families of the four students who were killed at Kent State University, Ohio during the demonstrations. This motion (presented on May 6) was lost, but another motion (presented on May 8) that the 1970 House of Delegates support the statement that deplores violent action on campuses, condemns acts that provoke this violence and condemn the apathy that allows the provocation was passed. Another motion that passed was that the A.N.A. express concern to the President and Congress of their alarm over the tensions. A substitute to the preceding motion was to support the Government of the U.S.A. and after several parliamentary moves this was tabled so the delegates would not be in the position of voting against the Government.

In action more related to the original agenda, the proposed amendments to ANA Bylaws (March 1970 AJN 586-589) were passed as amended. This means the dues have been increased to twenty-five dollars effective September 1, 1970 from the present \$12.50. Numerous questions were raised about the financial affairs of ANA and the results of cutting programs. A Commission on Nursing Research was established.

Another first was action on the Resolution Re National Health Insurance Program. (Resolutions March 1970 AJN 589-592). The original resolution stated: RESOLVED, That the American Nurses' Association support the development and implementation of a national health insurance program; and be it further RESOLVED, that such insurance programs should provide incentives for organization of health care delivery system into a rational, cohesive base for meeting the health needs of society." The resolution was amended to read in the first resolve "That the American Nurses' Association be responsible for the introduction of legislation . . ." and in the second resolve "include restructuring of present system so that there will be improved utilization of manpower."

Another topic of prime importance was the location of ANA headquarters. Several cities have been considered especially in the midwest for a more central location and to avoid the expense of New York City. Because of interest in legislation, Washington, D. C. cannot be ruled out as a possible location.

Several meetings were cancelled while others were moved to different locations due to the long sessions of the House of Delegates. I was able to attend the business meeting of the Division on Medical-Surgical Nursing Practice. The Division has endorsed the Medic Alert Foundation Program. Also discussed was certification. Guideline I was revised by the Congress for

Nursing Practice to state that: "There should be three types of certification for excellence in nursing practice: one for technical general practice, one for professional general practice, and one for professional specialty practice."

Also of interest on May 4th were the meetings of the Commission on Economic and General Welfare "Operation New Approach" and the impressive Opening General Session with the formal procession. Because of my interest in education I enjoyed the program meeting of Commission on Nursing Education "Graduate Nursing Education for the Decade of the 70's" and the "Report to the Profession of the National Commission for the Study of Nursing and Nursing Education." The latter was one of the best presentations of the Convention. One of the problems in nursing is the rate of turnover in staff nurses which now equals 70% nationally (Denver and Chicago have rates of 150% to 210%). This is in comparison to teacher's who have a 20% turnover rate. We have repeatedly tried to answer our problems with two wrong solutions: increase number of nursing students and use more non-professional workers. Fifty per cent of diploma schools have closed and by 1974 it is predicted that only 25% of the students will be in diploma schools. A summary of the Commission's findings was printed in the February AJN and the "Abstract for Action" will be available in June.

At least a dozen alumni of Presbyterian, St. Luke's or Presbyterian-St. Luke's were in attendance at the Convention. I will not name them since there were no doubt others that I did not meet. It was a pleasure to represent Mrs. Gdalman, President of Presbyterian-St. Luke's Hospital School of Nursing Alumni Association. All alumni would have been proud of the recruitment display and the excellent representatives of the Hospital who served as exhibitors.

Respectfully Submitted,

Ruth Johnson,  
First Vice President,  
Alumni Association

**Dooley Foundation volunteer Joyce Cane pauses during her nursing rounds at Bir Hospital—Kathmandu, Nepal.**

## NURSING IN NEPAL

Her skirts are considerably shorter than Florence Nightingale's, but her heart is in a similar place. Joyce Cane (PSL-1965) a cheerful Pan American World Airways stewardess, recently spent three months in Kathmandu, Nepal, as a volunteer for the Thomas A. Dooley Foundation. Working in Bir Hospital, which is funded by the government of Nepal, Joyce instructed student nurses and assisted in the wards. Her task was to impart some of her nurse's training and to implement some of the nursing procedures she had learned as a student in Presbyterian-St. Luke's Hospital School of Nursing in Chicago.

"It was like nursing in the days of Florence Nightingale," Joyce describes the work in Kathmandu. "I saw diseases I had never seen before, diseases I had to look up in my medical manual. I saw only two cases of chronic heart disease the whole time I was there—people just don't live that long."

"Part of the teaching I did was in fundamental hygiene," she continues. "We are so antiseptic here, and everyone takes it for granted. I tried to explain why you don't prepare food on the floor. When someone is in the hospital, his entire family comes to visit. They bring a hot plate and cook on the floor, as is frequently the custom at home."

Joyce quickly learned that she had to adapt her lessons to the conditions under which she worked. Improvisation became her watchword. "I had gone to school in a large medical center where everything was disposable," she recalls, "but in Nepal there was nothing to replace things with. Spirits and cotton were at a premium. Six needles had to last eight hours. At first I tried to get the nurses to discard needles which were blunt, warped or twisted. I soon found out that you don't throw anything away!"

The student nurses at Bir Hospital are young girls, 16 to 18 years old. Medical theory is taught in English. Joyce instructed them in sterile technique and in patient care. She taught through her own example. When the student nurses were reluctant to bathe patients with skin diseases, Joyce did the job over and over, until she had allayed their fears. "I felt working with the students was doing the most good," Joyce explains. "You find you are teaching concern for the patient."

Frustration was frequent. Many medical problems which are simple and relatively scarce in this country are serious and commonplace in Nepal. The hospital wards there are full of patients with TB, meningitis and malnutrition. "Babies die from malnutrition, although they are fat from being fed rice. Parents are so hardened; they look old. I saw parents with tears streaming down their cheeks. They know they can't take their baby to Delhi for treatment for congenital defects. It was so hard for me, because I know the problems can be overcome."

"You become impressed with the people," Joyce goes on. "The family unit is so close. There is always someone with a patient, watching or bringing him special concoctions." She smiles. "Sometimes it is hard to tell who is the patient, because whoever is oldest in the family gets the bed!"

In Kathmandu, Joyce shared a house with four other Dooley volunteers and an administrator. She rode a bicycle to work each day. During a holiday period she lived with a Nepalese family, a highlight of her stay in Nepal. She slept on the floor, ate with her hands, and participated in the festivities. She admits she learned to relax and forget the rush-rush attitude so typical of American life.

"Everyone over there cares so much and is giving so much," Joyce reminisces. "I had more culture shock when I came back to the States. People here don't seem to care. All they can think of is having a good time. It was hard to fit back into life here at first."

Joyce is one of 162 girls who have participated in the Dooley Foundation Stewardess Program since it began in 1961. Twenty-five major airlines permit their stewardesses to take three-month leaves-of-absence to become volunteers in Southeast Asia with Foundation programs. Besides hospital work, the girls in Kathmandu serve as teachers of English and health education and as assistants in a Tibetan refugee settlement, an orphanage, and a leprosarium. The Foundation also has programs in Laos.

A nonprofit, nongovernmental, nonsectarian organization, the Dooley Foundation was established in 1961 to perpetuate the work of Dr. Tom Dooley in Southeast Asia. It is financed totally by private contributions, and has offices at 442 Post Street in San Francisco.

Joyce, a native of Illinois, is the daughter of Mr. and Mrs. Howard Cane of Danville, Ill. Her home base currently is San Francisco.

## PLEASE REMEMBER

Mrs. Nelle Campbell is a confined resident of the Attic Angels Nursing Home. Priscilla, as she was called by her classmates, is very active and misses not being able to attend Alumni functions, particularly, those in the Madison area. She would appreciate cards from any Alumni member who would care to send one to her. Her address is 602 N. Segoe Road, Madison, Wisconsin. Be sure to include your school and year as I'm sure she would enjoy knowing this. Also add her name to our Christmas lists. Thank you.

## CLASS NEWS

1898—

**Nelle Campbell** is now confined in Attic Angels Nursing Home. She misses being able to attend the Wisconsin area Alumni meetings. Previously she attended in a wheelchair after she fell and broke her hip. (ed. note—she is believed to be the oldest living graduate of St. Luke's)

1923—

**Rosaellen Michael** writes from San Bernardino, California that she missed the opportunity to attend the California luncheon, but her traveling is curtailed due to a heart condition.

1924—

**Janice Consalus Lambert** and husband, **Dr. Claude Lambert** made an around the Pacific tour, attending the 5th Combined Orthopedic Meeting of the English Speaking World in New Zealand and Australia, returning home via Singapore, Bangkok, Hong Kong, and Japan. They also visited in Seattle with their son, **Dr. James Lambert** and family in their new home.

1926—

**Anne Stark Flint** has moved to a smaller apartment in Newport Beach, California.

1927—

**Bunny Baker Deatherage** is Director of Visiting Nurses-Home Health Aide Service of Morgan County, Illinois.

1933—

**Angela Spolar Hennessey** and husband entertained **May Clark Nemec** and husband and **Bertha Mahoney Seck** and husband at a barbecue at their home in Fontana, California last fall. May works in a doctor's office and Angela works at a clinic while Bertha has retired from active duty. Bertha's husband suffered a severe coronary in February and is recuperating well.

1943—

**JoAnn Frank Evaskus** has moved to 1107 Pajaor Street, Salinas, California 93901. She is employed by the county health department. Recently she was able to have a reunion with **Helen Taylor** because of news published here. They had lots of fun remembering old times. They encourage any of their classmates to contact them.

1954—

**Betty Alfine Rhodes** and husband and three children are living in Shawnee Mission, Kansas.

1959—

**Colleen Brewster Ray** and family have moved to the Pittsburgh area where Gordon has two churches (Lutheran). Scott is three and keeps her quite busy. She says it is always sad to see the lack of news regarding the 1959 class.

1961—

**Alice Compton Marczuk** and family, including four sons, are living in Westchester, Illinois. She is planning on returning to work part-time at PSLH in the fall. Judy Weibel Yockey is working part-time in a small hospital. They have three sons and recently moved into a new home in Shelbyville where they are partners in a funeral home. Judith Venema Dombrow returned recently from a six week visit to Phoenix to visit with her family.

1962—

**Marilyn Jones Kotz** is now living in southern Wisconsin where they have a small farm. She has two children.

1964—

**Lenore Clark Main** has retired from nursing and has been doing volunteer work in surgery. They moved into their new home just in time for the arrival of their first child. They were transferred to Gainsville, Florida a year ago.

**Barbara Crafts Anderson** is living in Monterey, California where Ray is a student in Naval Postgraduate School. They have three children. The only nursing she has done recently is volunteer work for the Red Cross bloodmobile. Recently she visited with Phyllis Smith Salene before she moved from the area and met **Sharon Koontz Tassiter** while shopping.

1967—

**Linda Samelson McHugh** and husband are residing in Lausanne, Switzerland while he practices dentistry in a mobile pedodontic clinic which visits the schools in neighboring villages. Linda is planning on returning to work in a local hospital. She would appreciate hearing from her friends. Her address is Ch. Du Devin 64, 1012 Lausanne, Suisse. She has also visited with Pam Brown McCawley and her husband who is a periodontist at the U. S. Army base in Baumholder, Germany. She has two sons.

1968—

**Sharon Wells Clark** is now living in Olympia, Washington where Roger is doing his internship. They plan a fall move to Dubuque, Iowa where Roger will complete his senior year at Wartburg Theological Seminary. Sharon is working in a geriatric convalescent and rehabilitation center.

## HOSPITAL HAPPENINGS

### Learning to Speak Again

Coming from all walks of life, speech classes bring together people who all have a common affliction. All are laryngectomees, former hospital patients whose vocal cords have been removed surgically because of cancer. They range in age from six to eighty-two. William Waldrop is director of the speech and hearing clinic.

Each must learn a unique method of trapping air in the esophagus, then forcing it up and using the vibrations from the junction of the throat and esophagus to form speech. The group therapy approach helps these people develop confidence, particularly since two volunteers, who have had the same operation and speak well, are part of the group. The group has met with much success and is now part of the International Association of Laryngectomees.

### Team Approach to Rheumatoid Arthritis

As recent as ten years ago, the prevailing medical attitude was that little could be done to halt the progress of rheumatoid arthritis and all one could do was to endure the pain. At PSLH physicians advocate the team approach to treat the arthritic patient. Medical resources available to the patient should include an internist to over-see the total treatment, a physical therapist to help the patient gain maximum use of arthritic joints, an occupational therapist for a specific exercise program, and an orthopedic surgeon when necessary to perform a synovectomy or implant artificial joints.

A cure for the disease is still in question but with the team approach PSLH physicians have helped patients who ten years ago would have endured the ravages of the disease to lead relatively normal, happy, and productive lives.

### REPORT OF CALIFORNIA ANNUAL LUNCHEON

Saturday, April 25, 1970 was the date of the annual luncheon of the California area Alumni members. It was held at Locos Restaurant in Los Angeles and was attended by thirty seven members, including Mrs. Virginia Williams Thompson, (PSL-1961), who is the first PSL graduate to attend.

Marlene Rasmussen presided. One feature of the style show was the showing of uniforms from the past, present and future. Greetings were read from the Wisconsin group, headed by Rose Newman.

Any Alumni members in the area are urged to contact this group so they can be added to the roster and will receive notice of the annual luncheon. Contact Margaret Mathis, Secy.-Treas.

## REPORT OF THE PRESIDENT

In my brief resume of the years activities, I must first express my deep appreciation to the members of my Board of Directors, to the members of the special committees and to our membership at large for their cooperation and support.

During the past year our officers and Board members have met at four Board meetings and one special Board meeting. Our regular members have met at four meetings.

Four issues of the News and Views were published and mailed to our membership.

Ballots for the 1970-71 election of officers and Board members were compiled and mailed to all active members of the association.

The monies from the Ellen Robinson Trust fund were awarded this year to a graduate of St. Luke's Hospital School of Nursing.

In accordance with our by-laws business under the authority of the Board of Directors was carefully considered and acted upon in the best interest of our goals.

Upon recommendations of the Education Committee 6 graduate scholarships and 2 loans were approved. This past year our Association has again been the grateful recipient of monies for memorials and contributions to our Educational Funds. At their Annual Luncheon in April the Chicago Presbyterian-St. Luke's Hospital Nurses of So. California, again granted a contribution to the Scholarship fund. We would like to say "thank you", to everyone who has contributed, your interest has enabled our fund to continue to grow and to be used by many more grateful recipients.

We are appreciative for the informative and interesting News and Views, compiled for our pleasure, by Judith Dombrow.

The successful and interesting programs arranged by Inette Godman. All meetings were received with great enthusiasm.

The diligence and care entailed by Elaine Ruggles, and her committee in making recommendations to the Board for Scholarships and loans.

To our treasurer, Edna Travers, for her tireless devotion and long hours in maintaining and insuring our continued growth, we can only say a humble "Thank you".

To our Finance Chairman, Ruth Johnsen, who keeps us within our budgeted means.

Our Membership Chairman, Dorothy Hughes, for help in maintaining our membership at its present status of 1990.

To Judith DiVecchio, and her nomination committee, for this years outstanding slate.

To Marcella Kurtz and Marie Steinke, for their assistance with the endowed rooms program.

To Marcella Kurtz, our Special Services Chairman, to whom all requests for Special assistance are made. Indeed to all the Board members, may I say your interest and enthusiasm in all Alumni affairs has made my term a very gratifying and rewarding experience. Thank you again and may you all have a very Happy Holiday and New Year.

Respectfully submitted,  
Kathryn Minor Gdalman

## SECRETARY'S REPORT

The secretary of the Alumni Association of Presbyterian-St. Luke's Hospital School of Nursing, recorded the minutes of four (4) regular meetings and four (4) meetings of the Board of Directors.

Notices of the Board of Directors Meetings were sent to the members prior to each meeting.

Joyce M. Stoops,  
Secretary

## TREASURER'S REPORT

We have examined the Statement of Financial Condition of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing as at August 31, 1970 and the related statements of cash receipts and disbursements of the several funds for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying Statement of Financial Condition and the related statements of cash receipts and disbursements present fairly the financial position of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing at August 31, 1970 and the results of its operations for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Respectfully submitted,  
Crockett H. Buckles

## FINANCE COMMITTEE

The Finance Committee prepared the estimated budget for the 1969-1970 fiscal year and submitted it to the Board of Directors for approval. It was approved as submitted.

Respectfully submitted,  
Ruth E. Johnsen, Chairman  
Finance Committee

## MEMBERSHIP COMMITTEE

The Membership Committee of the Alumni Association of the Presbyterian-St. Luke's Hospital School of Nursing wishes to state that it owes the increase in membership this year largely to the untiring efforts of Mrs. Edna Travers. Mrs. Travers has spent unlimited time looking up addresses and corresponding with members and encouraging membership in the organization. We are grateful for her able assistance and perseverance.

Dorothy Hughes,  
Chairman, Membership Committee

## PUBLIC RELATIONS COMMITTEE

Four issues of the "News and Views" were published this year with the increased interest of the Alumni members. Thank you for your support and may your continued interest make our Alumni stronger in the future.

Judith Dombrow,  
Chairman

## Report of the Margaret E. Johnstone Endowed Room

During the year of November, 1969 to November, 1970 the endowed rooms for graduates of the St. Luke's Hospital School of Nursing were used by fourteen nurses. This represents a total of 220 days of occupancy of the rooms. One hundred seventy eight days were regular time and forty two days were overtime.

Respectfully submitted,  
Marie Steinke, Chairman

## PEOPLE IN THE NEWS

Illinois Bell Telephone Company has their own Muriel Stewart (S.L.-1949) who carries the title Health Education Coordinator. One of her missions in life is to hang an "IQ" button on each employee. "IQ" stand for "I QUIT" and the button is awarded to people who have given up smoking.

A wheelbarrow of ashes and cigarette butts ended up gracing the elevator lobby for one week. According to Muriel, this represented a year's consumption of the evil weed by an average smoker. It was frightening to see all those pretty packs in such an ugly, smelly heap.

When not declaiming the evils of smoking, Muriel is working on other projects. She coordinates the health end of retirement conferences which helps people plan for their life of leisure. She'll speak to any group of employees interested in hearing about any health question.

## LETTER FROM A MISSIONARY

P.O. Box 9428

Kwun Tong, Hong Kong

October, 1970

Dear Friends and Loved Ones,

Yes, I have returned safely to Hong Kong. How quiet and peaceful it seemed after the rush and bustle of American life, to say nothing of three tempestuous days at Expo in Japan.

I do cherish every moment I was able to spend with each of you. Words fail to express my thoughts of appreciation and thanks. I remember the delicious food, pleasant motor trips, week-ends, picnics, etc.—the list would be endless, but most of all it was the joy of fellowship with you and you and you.

Upon my return I was welcomed by a joyous crowd at the airport. There followed the usual round of welcomes and dinners. However, within a short time the gaiety changed to grim reality as concealed problems began to emerge. The schools opened with a reduced student enrollment and seriously deleted staff. The following week the national pastor resigned from the church. Everyone seemed discouraged and satan appeared to be in control. We cried to the Lord and He graciously supplied the needed teachers and we are trusting Him for the servant of His choice to pastor the little flock of Christians.

I was so grateful to have a clean comfortable apartment waiting for me when I arrived. You may recall I had sub-let my flat during my furlough. That party moved before I returned, thus making a place for me. There are always good things as well as the disappointments. I am in excellent health, only having lost the ten extra pounds I gained in U.S. For this I am glad since I did not need that extra weight to carry up the seven flights of stairs to the Roof-tops. No, we still do not have elevators.

A word of encouragement to you kind friends who are supporting students in school. Most of your darlings are still here, a few graduated and some have had to go to work. I shall be writing each of you individually as soon as time and circumstances permit. If your student has left or finished school you will be assigned another from the long waiting list.

God bless you each one. These are days of unusual stress and trials, but also tremendous opportunities. Let us awake to righteousness and sin not for many have not yet heard the gospel. I have the assurance we are workers together. Let us labor for the Master until He comes for us.

Sincerely yours and His,  
ETHEL GRACE

## THE HISTORY OF OUR UNIFORMS

Our history is divided into three illustrious parts. Therefore in order to know the history of our uniforms we must divide it into three parts.

The Presbyterian School began with a dress of brown gingham, long sleeved, upright stiff white collar and white cuffs extending up to the elbows. This was worn during the probation or preclinical period. Black stockings and low-heeled shoes completed the uniform. This dress was modified throughout the years by shortening the cuffs, removing the high collar and replacing it with a white stiff turnover collar until 1942 when the color was changed to blue, sleeves shortened to above the elbow with sleeves and collar of dress material. The same full gathered apron without a bib was maintained. 1939 allowed for the change to white shoes and stockings and the requiring of a name pin at the collar. The cap remained constant through the years.

At the end of probation the student donned a blue gingham dress and added a white bib of double thickness, collar high in front with straps crossed in the back and pinned at the waist. Her collar remained stiff and upright but she replaced her cuffs with six inch material cuffs which buttoned. The school cap was awarded her with honor.

Modifications on the student uniform were the change of the collar to an open throat stiff white turnover collar, white stockings and shoes, and name pin. This became the uniform of the entire student body in 1942.

The St. Luke's uniform also started out as a brown dress, apron without bib, and no cap. Upon completion of the first six months the dress was changed to blue, with cap and bib added. In the beginning black shoes and stockings were worn. Then a probationary cap was added. From time to time changes were made in the style of the apron, length of sleeve and skirt, color of shoes and stockings, and type of collar.

The cap of St. Luke's school was distinctive among the schools of that time as the majority of them used stiff tartleton, difficult to make, to pack in a bag, and impossible to launder.

The Presbyterian-St. Luke's school uniform was a leader in its day. The idea of an apron was considered old fashioned and was discarded completely. To keep up the modern days, wash and wear fabric was used for the gray, white pinstripe tailored dress. A white turnover collar and cross grain bow at the collar. Name pins, white shoes and white stockings completed the ensemble. Again modern thinking revolutionary ideas gave birth to a square horsehair type crinoline cap which could easily be disassembled for quick and easy laundering. Nostalgia ruled with the design of the new pin. The familiar gold and blue colors, the cross, and the combining of the horizontal and vertical ovals were blended to create a pin approved by both merging schools as well as the scores of students to whom they were awarded.

Special thanks must go to Miss Helene M. McMillian and Miss Carrie Bell McNeill for compiling the history of the uniforms. Also to Dorothy Hughes, Director of Pediatrics, for obtaining for us the fine picture of the doll case in her department which houses our historical doll collection.
